**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer of a small broadband company and do not want you to limit access for them with the changes to the telecommunications act. They are the only ones providing good broadband in this country for a reasonable rate. It amazes me how they are able to provide more speed and an unlimited data cap at a reasonable price without snooping on my data and charging some fictitious overage fees. Say no to USTelecom and let our only hope for decent internet force the large telecoms to compete where they should, with improving their service!
